List of Characters

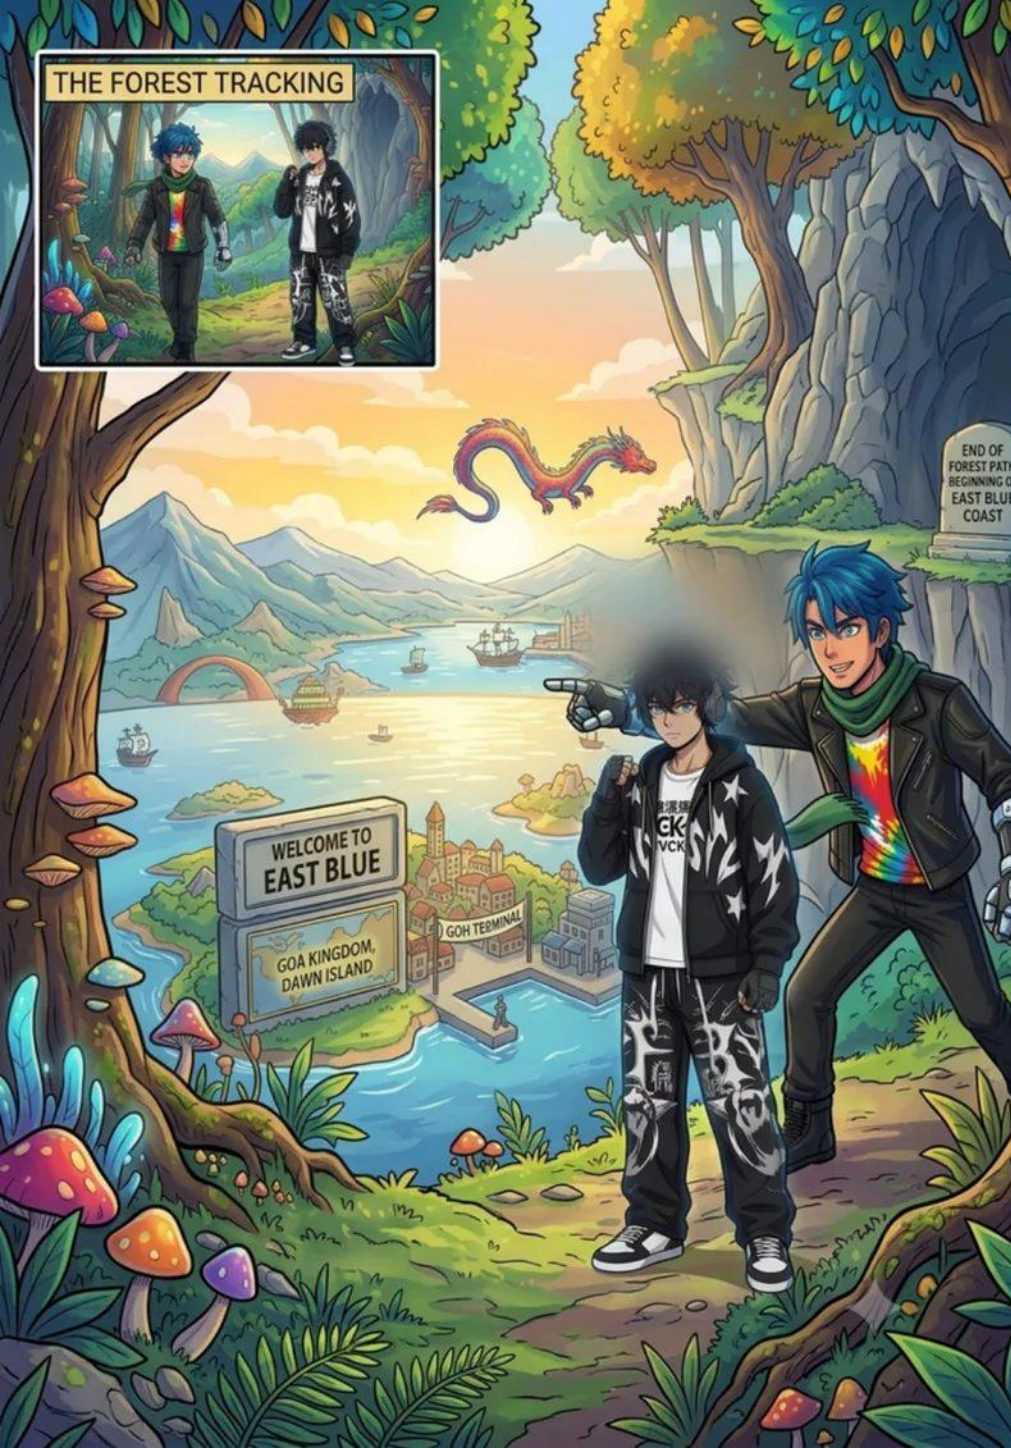

Daniel, a 10-year-old anime boy with messy black hair, bright blue eyes, and a blue-and-black battle outfit. He is surrounded by glowing Blue Haki and charging his signature attack, Rainbow Strike, with colorful energy. He stands in a heroic fighting pose with a determined expression on a dramatic battlefield. High-quality shōnen anime style, vibrant colors, cinematic lighting.

Zues is a 7-year-old who serves as a wise and protective mentor. He wields Haki, a mystical spiritual energy that can paralyze his opponents. Despite his strength, his deep compassion for his friends and innocent civilians is his greatest weakness. Above all, he fears losing a friend.

Mihawk is 43 years old and is a cold, determined revenge seeker who never gives up on his goal. He is an elite human with exceptional combat skills and physical ability. However, his greatest weakness is his extreme arrogance, which often causes him to underestimate others. His biggest fear is dying before he can achieve his revenge.

Zues and Daniel walked deeper into the forest. Suddenly, they spotted a dragon in the distance. Curious and determined, they quietly followed it, eager to discover where it was going.

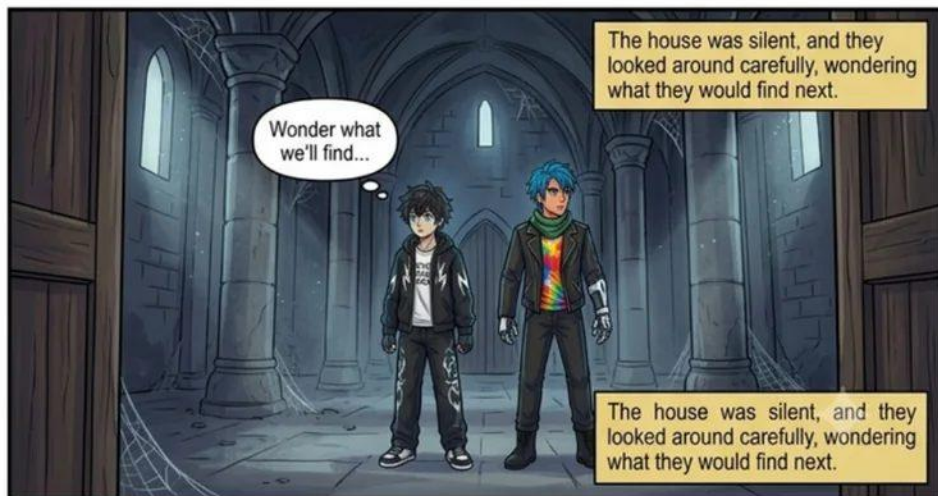

THE FOREST TRACKING

They saw Mihawk's house standing quietly at the end of the path. Its tall walls and dark roof made it look mysterious. "Look! That's Mihawk's house," one of them whispered excitedly.

They walked up to the front door, took a deep breath, and slowly stepped inside.

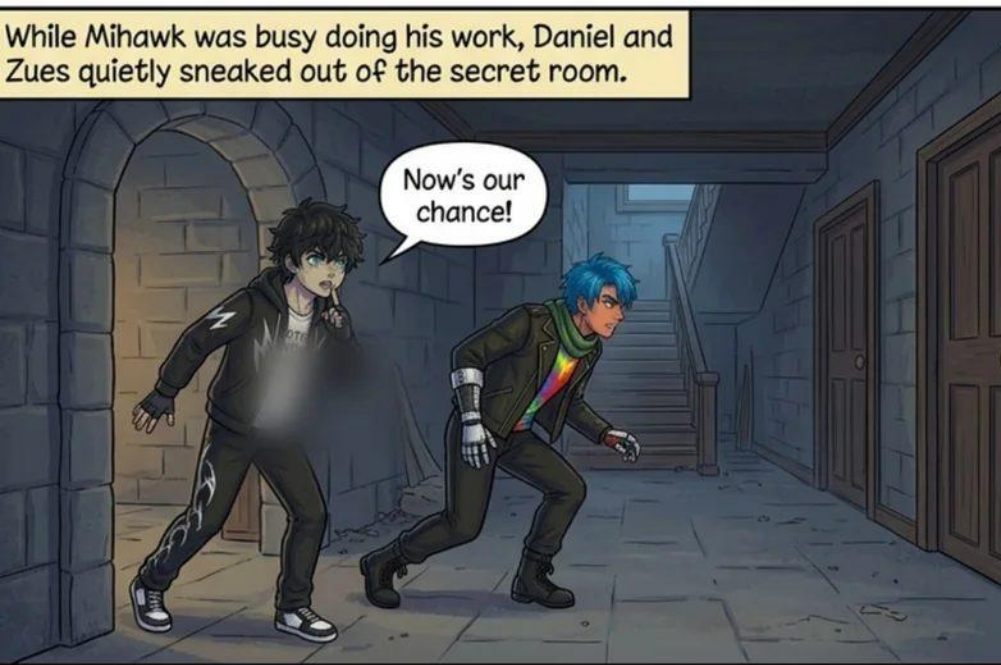

Wonder what we'll find...

The house was silent, and they looked around carefully, wondering what they would find next.

"Now's our chance!"
Daniel whispered.

The two friends tiptoed through the house...

The two friends tiptoed through the house as carefully as they could. When they reached the front door, they gently opened it and quickly ran out of the house.

Who's there?

Daniel and Zues almost got caught, but they ran as fast as they could. Their hearts pounded as they raced down the path without looking back.

Just then, Mihawk heard the noise and quickly rushed out of the house. "Who's there?" Mihawk called as he looked around.

As Daniel and Zues ran,
Daniel suddenly
discovered that he had
special powers.

"I think I can use them!"
Daniel shouted in
surprise.

Mihawk rushed after them
and almost caught them.

Just when things looked hopeless, Daniel stepped forward and used his Haki power. A bright wave of energy burst from his hands, and Mihawk became frozen in place.

"No way!" Zues exclaimed

Mihawk's strength slowly faded until he could no longer continue chasing them. At last, the danger was over.

Daniel and Zues looked at each other and smiled. They had escaped and completed their adventure.
